Abiola Adeyeye

IT Support

Summary

Experienced IT Support Specialist with 3 years of supporting office and remote teams across hardware, software, accounts and access. Skilled in diagnosing problems quickly, tracing root causes, and keeping systems secure and running.

Work Experience

IT Lead (Remote)

Miela Digital | Santiago, Chile | 2023 - 2025

- Provided day to day user support for a remote team of 12 across multiple time zones, resolving technical issues and keeping work moving.
- Set up and managed RedTrack to track media conversions, giving the team clear data on campaign performance.
- Built a custom CRM tool to track and manage ad conversions, replacing manual tracking and saving the team time.
- Developed an influencer discovery tool that sourced top creators on Twitch, Kick and YouTube across 25 campaigns.
- Designed and built the company website from scratch.

Creative Executive & IT Support (On-Site)

Eyekontact Limited | Ikeja, Lagos | 2022 - 2023

- Served as first point of contact for staff IT issues, keeping downtime low.
- Set up, maintained and repaired computers, printers and office hardware.
- Installed and troubleshot software across company devices.
- Managed user accounts, passwords and access permissions.
- Onboarded new staff with ready devices and access from day one.
- Applied security basics and escalated complex issues with clear notes.
